

Norwegian Society for Immunology (NSI) Bergen Branch

Join us at the
4th Bergen Meeting november 24th, Aud. 4, BBB

Time	Topic	Speaker
13:00	<i>Host parasite interactions between the salmon louse and Atlantic salmon revealed by transcriptomic analysis</i>	<i>Frank Nilsen as part of the BBB Seminar Series</i>
13:50	<i>Using state-of-the-art quantitative proteomics to discover novel biomarker candidates in multiple sclerosis</i>	<i>Frode Berven</i>
14:15	<i>Coffee break</i>	
14:30	<i>New platform for the analysis of small molecules by LC-MS/MS</i>	<i>Steinar Hustad</i>
14:45	<i>Flow cytometry facility in the laboratory building, 5th floor</i>	<i>Marianne Enger</i>
15:00	<i>Poster session</i>	
15:45-18:00	<i>Poster prize and Happy Hour with pizza</i>	<i>Sponsored by Peprotech</i>

Join the Poster Session and Happy Hour!

Poster session and social event aim to encourage scientific exchange between researchers and students interested in the field of immunology.

Posters will be displayed throughout the day in the area outside Aud. 4. Prizes are awarded at the reception following the poster session where you can enjoy pizza (sponsored by Peprotech).

If you would like to exhibit a poster, please e-mail your name, author list and poster title to Gyri.Haugland@bio.uib.no before november 11th. Please note that boards for the posters are portrait (90x120 cm).
